

# Expand FlagStand 1

Bring your message to your target audience.

### Expand FlagStand 1

Expand FlagStand 1 is a user-friendly, portable flag stand that is designed to be used outdoor. The product comes in an easy to carry nylon bag and it only takes a minute to set up without a ladder or tools. The Expand FlagStand 1 is designed to endure wind, rain and snow and is of very high quality to resist corrosion, UV-radiation and wear and tear by weather and wind. The graphic is designed to easily swivel with the wind and the display can withstand wind up to 22 MPH.

The Expand FlagStand 1 can be used on most surfaces such as snow, sand, grass and asphalt and is an effective means to get close to your target audience – everywhere and in all environments.

Optional ground stakes are available for soft surfaces such as snow and grass. An optional weight is also available for added stability and should always be used for the tallest Expand FlagStand 1.

Width: 39 <sup>3</sup>/<sub>8</sub>" (100 cm)
